

# Sandwell Town Deal

Accelerated Funding Projects

---

## West Bromwich Accelerated Projects

Project Title	Project Description
<b>Outdoor Market Redevelopment</b>	It is evident, simply looking at the High Street, that its most prominent, and also most detractive feature, is the street market structure located centrally down the promenade. SMBC proposes to undertake a programme of inventive, comprehensive and transformational improvement works to these to ensure that they are fit for purpose and no longer detract from the area.
<b>Cycling and Walking Infrastructure (Phase 1)</b>	To widen the existing footway on Euorpa Avenue to accommodate the National Cycle Network Route 5 into Sandwell Valley.

## Smethwick Accelerated Projects

Project Title	Project Description
<b>Tollhouse Way Cycle and Walking Scheme</b>	To deliver a cycle path along A457 Tollhouse Way to Smethwick Galton Bridge station with improved crossing points and footway enhancements along the High Street, including pedestrian footway improvements to the entrance of all side roads.

## Rowley Regis Accelerated Projects

Project Title	Project Description
<b>Connectivity - Blackheath Town Centre Pedestrian and Cyclist connectivity to Rowley Regis Train Station.</b>	Avenue Road link from Blackheath town centre to Rowley Regis Station improved for pedestrians/ cyclists: new lighting on re-sited columns, side-road crossings, resurfacing, signs and lines.
<b>Connectivity - Oldbury Town Centre Pedestrian and Cyclist connectivity</b>	Upgrade Ringway crossing to toucan spec, install tiger crossing on Rounds Green Rd; add marked cycle paths around Ringway to build on recent traffic calming, pedestrian and cycle priority schemes
<b>Green Space - Tividale Park Improvements</b>	Renovate disused changing rooms; accessibility improvements to adjoining community hub; create new car park, lighting, security bollards
<b>Green Space – Britannia Park Improvements</b>	Demolition of existing changing rooms.
<b>Green Space - Bearmore Open Space Improvements</b>	Installation of play equipment to complement existing infrastructure
<b>Green Space – Warrens Hall Improvements</b>	Upgrade to key paths around the park to all-weather surfaces, improvements to entrances and creation of fishing platforms at Swan Pool.
<b>Green Space – Haden Hill Park Improvements</b>	Development of sensory garden providing facilities for people with a range of disabilities including mobile impairments.
