

Internet Consent for under 16s

We are delighted to welcome your child as a member of the Sandwell Library and Information Service. We try to provide a safe and secure environment for children who wish to use our **free** internet service.

Parents/carers do, however, have concerns about children using the internet and you can refuse to allow your children aged under 16 access (see internet use).

Please return this form to the library if you **agree** to your child using the internet.

Parent/carer :

Child's name :

Child's date of birth :

Address / postcode :

.....

Signed : Date :

We require this form be completed every 12 months and when any of the details change. We store and record permission forms in compliance with the Data Protection Act.

Please return to your local library
