For further information about the examination and hearing sessions please see the Inspector's **Examination Guidance Note** (SA/ED32) and the Inspector's **Matters, Issues and Questions** (SA/ED33), which are available on the examination website.

Every effort will be made to keep to the programme, but late changes may be unavoidable. Priority will normally be given to starting the hearing session on each matter at the scheduled time, but it may be necessary to extend earlier discussion into the afternoon session.

The Programme Officer will endeavour to inform the participants of any late changes, but it is the responsibility of participants to keep themselves up to date with the arrangements and latest programme including start times. Participants need to be ready to attend the reserve sessions indicated on the programme as these will be used, if required, to complete any unfinished sessions.

**For any queries about the examination please contact the Programme Officer.**
