

**SANDWELL LOCAL PLAN 2024-41 EXAMINATION****SCHEDULE OF ACTION POINTS FOR THE COUNCIL****Day 2 - Matter 2**

2.15	West Midlands Strategic Interchange. See Econ 006a. What is the extent of the contribution? How will delivery be monitored? When is the first occupation expected?
------	--

Sandwell Council has contacted South Staffordshire and the local authorities (Cannock, Dudley, Sandwell, South Staffordshire, Walsall and Wolverhampton) who will receive contributions as set out in the Statement of Common Ground [DtC 001] with regards to monitoring the delivery of the West Midlands Strategic Interchange.

It has been agreed that contributions will be apportioned between the LA's once the whole site has been completed which is expected to be 2032. South Staffordshire will monitor annually the development of the site and update its status with regards to completions in its Authorities Monitoring Report. This will allow Sandwell Council to monitor the sites delivery.
