

Sandwell Planned Carriageway and Footway Structural and Preventative Maintenance Programmes 2026/27

Introduction

Sandwell's 2026/27 planned carriageway and footway maintenance schemes are listed in the tables below. The lists include the schemes currently completed, programmed, or planned for completion during the 2026/27 financial year, they are not exhaustive. Additional schemes may be added or changes to the programme may occur as the year progresses.

There are four tables:

- [Table 1.](#) - Carriageway Structural Maintenance Programme 2026/27 – this includes treatments such as carriageway resurfacing, reconstruction, and patching.
- [Table 2.](#) Carriageway Preventative Maintenance Programme 2026/27 – this includes treatments such as surface dressing, micro-asphalt, and other surface treatments.
- [Table 3.](#) – Footway Resurfacing – this includes structural maintenance works to footways, such as resurfacing, reconstruction, and flag to bituminous replacements.
- [Table 4.](#) – Footway Surface Treatments – this includes our programme of footway surface treatment works.
