

WBA Biggest Fan!

Tom recently started accessing overnight respite with Sandwell Shared Lives. Tom was carefully matched with Shared Lives Carers who were able to not only meet his needs, but shared an interest with him. This interest being big supporters of the local football team, West Bromwich Albion.

During their conversations about his love for the team, Tom mentioned he hadn't been able to attend any matches since the Covid Pandemic. Tom's Shared Lives Respite Carers reached out to the football team and were able to secure a tour of the ground, tickets to a match and lots of signed goodies!

It's safe to say Tom had the best time visiting the ground, cheering on his team and celebrating their 3-2 win! Tom was super happy to be able to show his support to his favourite football team finally after many years of being unable to.
